SELECTED EXPERIENCE

LIGHTING SUPERVISOR

Trade School: PHL/LAX Philadelphia, PA June 2019 Festival
Production Manager: Robin Stamey

Part of a group of 3 technicians running the festival. Responsible for creating a repertory plot to suit the needs of all 4 main pieces as well as four work-in-progress showings and a community talk back. Duties included drafting the stage layout in the venue, communicating with lighting designers, and designing 2/4 main pieces and all work-in-progress pieces. Responsible for loading in the rental package, running the board for all performances, and leading a small crew for load-out.

LIGHTING DIRECTOR

Nebraska Theatre Caravan East Coast & Midwest Tour 2018 – 2019 Tours
Technical Director: Ethan Hinton

Only lighting specialist in a crew of 8 technicians on a 33 show tour that stopped at 17 venues. Responsible for leading local crews at load-in and during focus, and for running the light board during shows. Duties included maintaining conventional and LED practicals, programming effects, and maintaining paperwork. Required to maintain the integrity of the lighting design through a variety of different venues with highly varying structures and equipment.

ELECTRICS CREW CHIEF

The Lost Colony Maneto, North Carolina 2017 Season
Master Electrician: Bri Weintraub

Head of a crew of 3 electricians/spotlight operators. Assisted the ME and AME with circuit and data mapping, as well as the install and upkeep of a four month run. Duties included leading troubleshooting teams, training spotlight operators, creating and maintaining followspot cue sheets, and facilitating efficient communication between crew and management.
